

Why I want to be baptized is because, Jesus is our savior. He died on the cross for us, because he loves us. I know he loves me, and is always there for me. He helps me with problems in the real world. He has been there for me when I was hurt, sick, stressed, sad, and angry. In those moments, he has helped me a lot. So, I want to follow him, do what he says, and be like him.
